

I listen to K-Love about 8 hours a day. It is by far the most uplifting, and empowering feeling to work with the inspiring songs that K-Love plays in the background. Just today, I saw 5 K-Love bumper stickers on other cars on my way to work. This station reaches thousands of people in Oklahoma City...I have no doubt in my mind!!! If it were not available you would be looking at a lot of angry, and empowered believers in this part of the country that would be as in your face, as Christians can be about it being taken away. Please do not take away the inspiring and positive experience that this station provides for people in this state, and all over the country. Don't take the ONE station on the radio that is not promoting hate, crime, deception, sex, pornography, rage, and immorality away just because it is convenient to do so. It would take away the positivity that K-LOVE provides this community. We'll be praying for you as you make your decision.
